

PARENT SURVEY

We believe that you have one of the toughest and yet most important jobs in the world—training up the next generation for leadership in both the church, our community, and the world. Emerge is here to partner with you. We hope to be a valuable resource as you help your student emerge from an information-based faith to a relationship with Jesus Christ that is alive and vibrant. Only then will they have the resources they need to make wise choices and become the next generation leaders!

Please take a few minutes to complete this survey. We value your feedback! Thanks!!
